

"GRANNIES AGAINST THE RIGHT WING PARTIES" in Germany

The changing political climate has brought us together.

We are a grass roots civil initiative, unaligned to any political party, founded on January 27, 2018, inspired by the Austrian OMAS GEGEN RECHTS.

What we stand for:

- For democratic values,
- For the diversity of all cultures and nationalities,
- For tolerance and civility,
- For upholding our democratic constitution,
- For a responsible interaction with the environment.

What we stand against:

- Against the right-wing populist movement,
- Against the discrimination of people with migratory backgrounds,
- Against stigma,
- Against all forms of violence

Grannies bring experience and patience along, with the knowledge that there are no simple solutions for complex problems!
